Subject: Draft Agenda for This Morning's Call
Attachments: Working Draft Agenda for Oct 13 WG Meeting_sept14_16.docx

FYI – see Joan's' attachment.

Also, since Joan has very little time available under her contract, we will have her present information and lead the discussion as the first item on our weekly calls. Field updates, technical updates and other Ag Park and Arlanza neighborhood matters will be discussed after Joan's topics have been addressed.

Thanks!

Maryam

Subject: For Thursday Weekly Call - Draft

Please forward this to others who will be on the call. I've done a very first cut of a rough agenda for the Oct 13th WG meeting for discussion on the call, and you'll see that it will need to be formatted in the DTSC template at some point. One question that we need to address is where in the agenda will opportunities for the public to ask questions and provide comments be inserted. After the call on Thursday, I hope to make adjustments to the agenda and then distribute it in draft form to the WG members on Thursday or Friday morning for their review.
